NOTE 1:
 Use the following register adders ONLY when upgrading a register(s) on a UME that is under repair:
 ProRead ARB VI adder = \$80.00 each
 E-Coder ARB VII adder = \$115.00 each
 E-Coder)R900i adder = \$255.00 each

If you wish to have your meter serviced by Neptune, you can use this Large Meter Service Worksheet to assist you with pricing information and available service options. An order can then be entered by either mail or fax. The various meter service options are described below. No prior agreement is required to have your meter(s) serviced. Please contact Customer Service for a Return Material Authorization (RMA) number prior to returning a product to the factory. The RMA number is to be printed on the outside of the packaging to ensure that your meter is serviced properly.

UME REPLACEMENT PROGRAM

After an order is placed by mail or fax, a "new" no-lead high copper alloy UME, as specified, will be shipped and your account will be billed as shown on the Large Meter Service Worksheet.

Your old or defective UME is not to be returned to the factory.

TRIDENT TURBINE REPLACEMENT PROGRAM

After an order is placed by mail or fax, a new HP Turbine or HP Fire Service Meter, as specified, will be shipped and your account will be billed at your current pricing. If an official letter (on utility letterhead) signed by a supervisor, manager, or director at your location accompanies your order we will credit your account with the replacement value of each Neptune meter replaced. The official letter must contain the following.

- Statement such as "The following Neptune meters will be scrapped and replaced with the new meters received on purchase order number _____"
- Size and number of meter
- Serial type
- Street number and address
- Register type (e.g., direct, pulser, ARB)
- Units of measure: US Gallons, Cubic Feet, Cubic Metres

The following charges will apply to Neptune registers if vandalized or if outside their warranty period.

TABLE 1. NEPTUNE T-10 METERS — DAMAGED REGISTER EXCHANGE

Meter/Size	Direct Read ²	ProRead		TRICON/S
		4-Wheel	6-Wheel	
5/8"	\$27.00	\$78.00	\$78.00	\$133.00
3/4"	\$27.00	\$78.00	\$78.00	\$133.00
1"	\$27.00	\$78.00	\$78.00	\$133.00
1 1/2"	\$27.00	\$78.00	\$78.00	\$133.00
2"	\$27.00	\$78.00	\$78.00	\$133.00

² Prices include roll-sealed register assembly, Polymer register box and lid, if required, add \$5.95. Bronze register box and lid, if required, add \$10.00.

³ Prices do not include remote receptacle. Replacement of these will be additional.

⁴ Prices are for a pit register. Subtract \$14.00 for an inside set register.

TERMS AND CONDITIONS Payment terms are Net 30 days after receipt of a new or repaired product. Customer pays freight to the factory. Replacement of a maincase or cover will be an additional charge. Prices are subject to change without advanced notice.

Neptune engages in ongoing research and development to improve and enhance its products. Therefore, Neptune reserves the right to change product or system specifications without notice.

Tel: (525) 55203 5294 / (525) 55203 5708
Fax: (525) 55203 6503

The replacement value will be credited only IF the letter is received at the time the order is placed for the new meter(s). New meter size and type ordered shall reflect the size and type being replaced. If you are using the Trident Turbine Replacement Program, do not return any meters to Neptune.

TEST ONLY

After an order is placed by either mail or fax, Neptune will test UMEs for accuracy per AWWA manual M6 specifications for Class II turbine type, compound type, and fire service-type water meters. Neptune will test Neptune T-10s for accuracy per AWWA manual M6 specifications for positive displacement meters. Charges for testing are shown on the Large Meter Service Worksheet. A factory test tag is attached to each unit to certify accuracy.

REPAIR AND TEST

After an order is placed by either mail or fax, Neptune will repair and test UMEs for accuracy per AWWA manual M6 specifications for class II turbine type, compound type, and fire service type meters. Neptune will repair and test T-10 meters per AWWA manual M6 specifications for positive displacement meters. Charges for repairing and testing are shown on the Large Meter Service Worksheet. The shown charges will include repair or replacement of the measuring chamber only on T-10 meters. A factory test tag is attached to each unit to certify the repaired meter's accuracy.
